

Dream Along With Mickey

Overview: This live show in front of Cinderella Castle features Mickey, Minnie and Goofy trying to convince Donald Duck that dreams really do come true. Minnie's dreams of being a princess and Goofy's dreams of being a pirate are brought to life onstage before Maleficent appears to ruin their dream world with a nightmare.

Thrill Time: 19 minutes

Be Aware of: This attraction closes during inclement weather. The entire viewing area is in direct sunlight with no cover.

There is no seating for this show unless you want to sit on the ground in the very front of the viewing area. There are fire-like elements during the show as well as smoke effects.

Helpful Hints: Consult your Times Guide for performance times.

This is a great show to enjoy while you are munching on a snack or eating a meal because food is allowed in the viewing area. Because the viewing area is elevated, it's easy to walk up to the crowd just before the show starts and still have a decent viewing location without the wait.

Though guests are allowed to sit in the very front of the viewing area, this isn't necessarily the best place to view the show. If you don't mind standing throughout the show, pick a place at least 10 feet from the stage (usually where the first rows of standing guests are located) for better views without straining your neck.

Disabled Access: Guests may remain in their wheelchair or motorized scooter. Disney's assistive listening devices interact with this attraction.
